

COMPANY PROFILE

MANAGING DIRECTOR'S MESSAGE

"We at Geo Exploration Services Consultancy (Pvt.) Ltd. , we do the right things, in the right ways, for the right reasons, all of the time. We believe a business is not successful if it is only committed to profit. It has to be an activity which creates prosperity and well-being for all those who are connected with it directly or indirectly.

Geo-X is a multidisciplinary service company for engineering, testing, inspection, assessment, surveys, design & installation.

Our commitment, firstly, is to the Customers we serve as we are in business because of them. We thrive on repeat business, which has been secured through the development of effective working relationships with our clients and the application of our values in every aspect of our business.

Management team is committed to our company's core values which are behind company's success for all these years. We expect that same commitment from our employees and business partners. Integrity, honesty, competency, collaboration, creativity and respect.

KIND REGARDS,
M. QASIM ABBASI

ABOUT US

From its humble beginnings, since grown to become one of Pakistan's leading Surveying & Engineering companies specializing in Engineering, Testing, Inspection, Assessment, Surveys, Design & Installation. - ◆ Percussion
- ◆ Auger

SAMPLING

- ◆ Shell by Tubes
- ◆ Disturbed
- ◆ Rock Coring

FIELD TESTING

- ◆ Standard Penetration Test (SPT)
- ◆ Dynamic Cone Penetration Test (DCPT)
- ◆ Field Density Test (FDT)

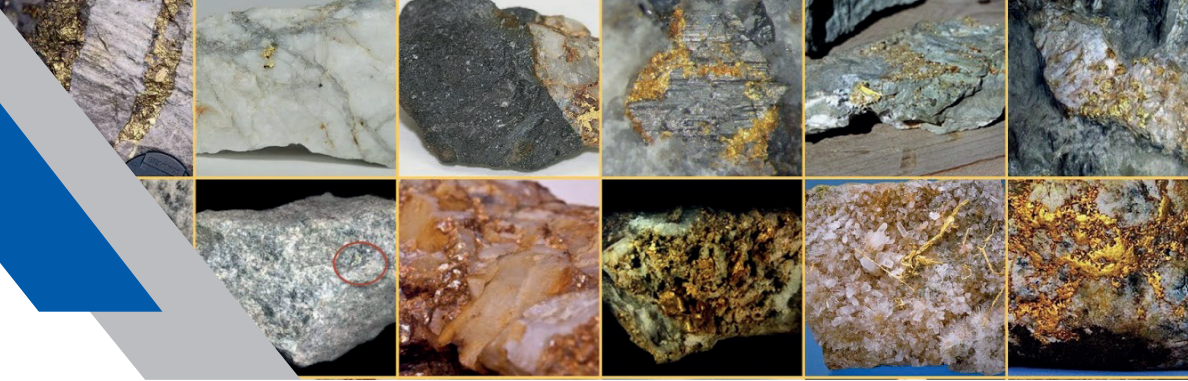

TYPES OF FOUNDATION SYSTEMS

- ◆ Isolated/ Combined Footing (Shallow Foundation)
- ◆ Raft or Mat Foundation (Shallow Foundation)
- ◆ Pile Foundations (Deep Foundations)

MATERIAL TESTING DIVISION

Providing support for our geotechnical engineering and construction monitoring divisions, Triad maintains complete laboratory facilities where tests are conducted by experienced technicians under the supervision of professional engineers & geologist. Materials tested include soil, aggregate, rock, cement, concrete, asphalt and water. Our Laboratory Materials Testing Services Include:

- Soil Testing
- Rock Testing
- Concrete Testing
- Cement Testing
- SLAG & Fly Ash Testing
- Water Testing
- Asphalt Testing
- Bitumen Testing
- Concrete Mix Design
- Asphalt Mix Design
- Steel Testing
- Plate Testing

MINERAL DIVISION

The hidden nature of many of Pakistan 's mineral deposits has meant wealth and road to prosperity .In this regard We associates' team of geologists intends to impart their role by offering services for the

- ◆ Identification,
